PROFILE

Frontend Developer with experience building responsive and interactive web applications using JavaScript, TypeScript and React.

I enjoy turning ideas and designs into user-friendly interfaces, integrating APIs and solving real frontend problems.

TECHNICAL SKILLS

HTML5 • CSS3 • JavaScript (ES6+) • TypeScript • Tailwind CSS • React • REST APIs • Responsive Design •

Git/GitHub • Vite • Figma • Flexbox • CSS Grid • UI Components • Vercel • Netlify

EXPERIENCE

THE DIGITAL SYNDICATE

2022 - 2024

Frontend Engineer

- Collaborated with the frontend team to build and maintain responsive web interfaces using modern frontend technologies.
- Worked with backend engineers to integrate APIs and deliver user-friendly product features.
- Contributed to feature development, code reviews and frontend improvements.

TIPPER XRPL

2024 - 2025

Frontend Support & Project Manager

- Maintained the project's website and supported improvements to frontend features.
- Collaborated with the backend team on API integration and product improvements.
- Planned community activities, collaborations and engagement campaigns while working closely with the wider project team.

SELECTED PROJECTS

RENEXA

Waste Management / Recycling Platform

React • JavaScript • Vite • REST APIs • CSS

Built responsive React interfaces and integrated frontend flows with backend APIs, including authentication, email verification, onboarding, user dashboards and admin features.

[Live Project ↗](#)

[GitHub Repository ↗](#)

BATTLESHIP SPACE

Retro Arcade Shooter Game

React • JavaScript • Vite • CSS

Built an interactive browser game with custom controls, player/enemy combat, game-state logic and responsive gameplay for desktop and mobile.
